Keynotes y Talks

CLAUDIO VICINI

Palate & Pharynx OSA Surgery.
Which is the best? Discussion panel

Finale SESSION What did we learn from:
Pharyngeal and Tongue & Epiglottis procedures
versus MMA and Hypoglossal Stimulation.

CLEMENS HEISER

What is new in Hypoglossal Stimulation?

Finale SESSION What did we learn from:
Pharyngeal and Tongue & Epiglottis procedures
versus MMA and Hypoglossal Stimulation.

CARLOS O CONNOR

Myofunctional therapy

EDILSON ZANCANELLA

PSG + HST, tips and pearls

Palate & Pharynx OSA Surgery. Which is the
best? Discussion panel

LEOPOLDO CORREA

MAD and the Sleep Dentistry Concept

Finale SESSION What did we learn from: Pharyngeal and Tongue
& Epiglottis procedures versus MMA and Hypoglossal Stimulation.

MANUELE CASALE

Postoperative Care after sleep Surgery Discussion
Panel

Palatal & Pharyngeal Surgery

Palate & Pharynx OSA Surgery. Which is the
best? Discussion panel

MICHEL CAHALI

Postoperative Care after sleep Surgery
Discussion Panel

Lateral wall Pharyngoplasty
(the PF muscle mobilization)

Finale SESSION What did we learn from:
Pharyngeal and Tongue & Epiglottis procedures
versus MMA and Hypoglossal Stimulation.

GUILLERMO PLAZA

DISE updates & controversies.
discussion panel

Postoperative Care after sleep Surgery
Discussion Panel

OFER JACOBOWITZ

The SNORING management & procedures

Nasal surgery & OSA UPDATE

DISE updates & controversies. discussion panel

PETER BAPTISTA

Complications in Hypoglossal Stimulation

New technologies: APP and Devices

DISE updates & controversies. discussion panel

OLIVIER VANDERVEKEN

Phenotypes and Endotypes in Sleep Apnea

DISE updates & controversies. discussion panel

Finale SESSION What did we learn from:
Pharyngeal and Tongue & Epiglottis procedures
versus MMA and Hypoglossal Stimulation.

RODOLFO LUGO

STACEY ISHMAN

Post children T&A fail? What next?

Esqueletal surgery for OSAS Discussion Panel

STANLEY LIU

JOINT LECTURE BRAZILIAN SLEEP
CONGRESS-SIBecs CONGRESS

Esqueletal surgery for OSAS Discussion Panel

Finale SESSION What did we learn from:
Pharyngeal and Tongue & Epiglottis procedures
versus MMA and Hypoglossal Stimulation.

STEVE AMADO

Postoperative Care after sleep Surgery
Discussion Panel

Indications in Hypoglossal Stimulation

NICO DE VRIES

Postoperative Care after sleep Surgery
Discussion Panel

Is sleep surgery a viable alternative
for CPAP in OSA?

DISE updates & controversies. discussion
panel

ERIC THULER

DISE variation How to improve the exploration

Esqueletal surgery for OSAS, patient selection
