20th & 21st October 2023
Lisbon (Portugal)

WHAT THE AUDIOGRAM DOESN'T TELL US CRS CONGRESS 2023

Program

Friday, 20th October 2023

From 9:00 to 13:00 – What the Audiogram Doesn't Tell Us.

Chairs: Ezequiel Barros, Gaetano Paludetti

- 9:00** Opening and introduction of the congress.
Anna Rita Fetoni; Bernard Fraysse; Faustino Núñez Batalla; Ezequiel Barrios.
- 9:15** Novel electrophysiological methods to assess hidden-hearing damage beyond the audiogram. *Gerard Encina-Llamas.*
- 9:35** Fundamental – Physiopathology & Neuropathy – Presbycusis – Genetic & non-Genetic (Environmental) & Trauma. *Rosamaria Santarelli.*
- 9:55** From pure tone audiogram to patient's phenotypes. *Paul Avan.*
- 10:15** Auditory Neuropathy, Central Auditory Processing Disorders & Hidden Hearing Loss. *HungThai Van.*
- 10:35** The relation speech audiometry in noise <> the audiogram. *Christophe Vincent.*
- 10:55** **Coffee break.**
- 11:25** How to handle mild hearing loss. *Federica Di Berardino.*
- 11:45** Prognostic factors of hearing aid outcome: interest of big data. *Bernard Fraysse.*
- 12:05** Round table on how to handle Hidden and Mild Hearing Loss.
Moderator: Domenico Cuda.
Federica Di Berardino; Gennaro Auletta; Gerard Encina-Llamas; Christophe Vincent.
- 12:50** Conclusions. *Domenico Cuda.*
- 13:00** **Congress lunch.**

From 14:00 to 17:00 – Tinnitus From Basic Science to Clinical Practice.

Chairs: Alessandro Martini, Olivier Sterkers.

- 14:00** The diversity of tinnitus mechanisms: illustration from two examples.
Arnoud Norena.
- 14:30** Classification of Tinnitus. *Domenico Cuda (Roberto Albera).*
- 14:50** Pulsatile Tinnitus. *Emmanuel Houdart.*
- 15:20** **Coffee break.**
- 15:50** Tinnitus: from diagnosis to treatment. *Haula Haider.*
- 16:10** Round table Classification and management of tinnitus.
Moderator: Roberto Albera.
Domenico Cuda; Andrea Ciorba; Haula Haider; Emmanuel Houdart;
Arnoud Norena; Marie Josee Fraysse.
- 16:55** Conclusions. *Roberto Albera.*
- 17:00** **Close of the day.**

Saturday, 21st October 2023

From 9:00 to 12:40 – Hearing and Cognition.

Chairs: Manuel Manrique, Stefano Berrettini.

- 9:00** Fundamental research (including animal models) on the relation Hearing & Cognition. *Anna Rita Fetoni.*
- 9:30** The cognitive ear: What We Know and Where We Need to Go. *Nicola Quaranta.*
- 9:50** Vestibular and cochlear dysfunction in aging (fragility): Two sides of the same coin?
Giuseppe Chiarella.
- 10:10** Impact of hearing care on cognition. *Manuel Manrique.*
- 10:30** **Coffee break.**
- 11:00** Cognitive Assessment in Elderly Cochlear Implant Recipients.
Stefano Berrettini; Francesca Forli.
- 11:20** Geriatric aspects and Fragility in the Hearing Evaluation in the iCope WHO program.
Bernard Fraysse; HungThai Van.
- 11:50** Round table on rehabilitation and evaluation of hearing & cognition .
Moderator: Manuel Manrique.
Andrea Ciorba; Jacopo Galli; HungThai Van .
- 12:50** Conclusions.
- 13:00** **Close of the congress.**
