MESSAGE FROM YOUR HOST

Dear Colleagues,

We are delighted to invite you to the 3rd European Sleep Surgery Academy Course from **August 28th – 30th, 2025, in Bern, Inselspital.**

Building on feedback from previous courses, we have carefully designed the program to offer a comprehensive overview of both standard and innovative surgical techniques. Expert-led presentations will feature detailed video demonstrations complemented by a **hands-on training component**, allowing participants to practice these techniques.

The course will be held at **SITEM Inselspital**, with a capacity for **80 participants** in the theoretical sessions and **60 participants** in the hands-on training. To ensure an optimal learning experience, we will provide **20 cadavers**, allowing small groups of three participants to work together in our absolutely brandnew dissection room.

Beyond the classroom, we are excited to showcase Bern's charm. Our social program includes a memorable course dinner in an exciting location in Bern, offering a perfect setting to connect with international experts and colleagues in a relaxed atmosphere.

We look forward to welcoming you to Bern for an enriching and enjoyable experience!

Warm regards

Prof. Dr. med. Marco Caversaccio
ENT Clinical Director & Chairman of Department

to this course
applied

THURSDAY AUGUST 28TH

10:00 – 10:20	Opening Speech: <i>Prof. Marco Caversaccio</i>	14:30 – 15:00	Mandibular Advancement Devices: <i>Dominik Ettlin</i>
10:20 – 11:00	Polysomnography and Predictors for Cardiovascular Outcome: <i>Raphael Heinzer</i>	15:00 – 15:20	Discussion: all speakers
11:00 – 11:30	Pathophysiological Pheno – Endotyping of OSA – Patients for Successful Selection: <i>Olivier Vanderveken</i>	15:20 – 16:00	Coffee Break
11:30 – 11:50	Night – to – Night Variability: <i>Samuel Tschopp</i>	16:00 – 16:30	Anatomy of Palate and Pharynx, Different Palatopharyngeal Surgery Techniques and Barbed Suture Pharyngoplasty: <i>Gian – Marco Widmer</i>
11:50 – 12:00	Discussion: all speakers	16:30 – 17:00	Outcome prediction of palatal surgery: Does tonsil size and surgical technique matter? <i>Samuel Tschopp</i>
12:00 – 13:00	Lunch Break	17:00 – 17:30	Complications of palatopharyngeal surgery: <i>Kurt Tschopp</i>
13:00 – 13:30	CPAP and CPAP – Failure: <i>Anne – Kathrin Brill</i>	17:30 – 18:00	Discussion: all speakers
13:30 – 14:00	Positional Therapy: <i>Nico de Vries</i>	18:00 – 20:00	Meet and Greet
14:00 – 14:30	Drug – Induced Sleep Endoscopy: How to do it, Interpretation, Do we really need DISE for all patients? <i>Nico de Vries</i>		

FRIDAY AUGUST 29TH

08:00 – 08:30	Robotic Surgery and Ablation of the Tongue Base: <i>Joachim Maurer</i>	13:30 – 14:00	Combination therapy with hypoglossal nerve stimulation: <i>Kurt Tschopp</i>
08:30 – 09:00	Epiglottis Surgery and Is there still a place for Hyoid Suspension? <i>Ulrich Sommer</i>	14:00 – 14:30	The future of neurostimulation: <i>Clemens Heiser</i>
09:00 – 09:30	Maxillomandibular Advancement Surgery: <i>Benoît Schaller</i>	14:30 – 15:00	Peripheral arterial tonometry, Artificial Intelligence and Wearables: <i>Ulrich Sommer</i>
09:30 – 10:00	Discussion: all speakers	15:00 – 15:30	Discussion: all speakers
10:00 – 10:30	Coffee Break	15:30 – 16:00	Coffee Break
10:30 – 11:00	Neuronal Anatomy: <i>Clemens Heiser</i>	16:00 – 16:30	Challenges and Complications with HNS: <i>Karma Lambergcy</i>
11:00 – 11:30	Hypoglossal Nerve Stimulation – Current State, Pearls and Pitfalls: <i>Joachim Maurer</i>	16:30 – 17:00	How to Start your own Sleep Surgery Practice? <i>Urs Borner</i>
11:30 – 12:00	Prognostic Factors in Hypoglossal Nerve Stimulation (HNS): Does DISE improve surgical outcome? <i>Olivier Vanderveken</i>	17:00 – 17:30	Discussion: all speakers
12:00 – 12:30	Discussion: all speakers	17:30 – 18:00	Final of lectures / Invitation to Course Dinner <i>Marco Caversaccio</i>
12:30 – 13:30	Lunch Break	20:00 – 22:30	Course Dinner

SATURDAY AUGUST 29TH

09:00 – 13:00	Team 1: Hands – On – Training in the Dissection Room Tonsillectomy/Tongue base surgery/Hypoglossal implantation/ Palatal Surgery
09:00 – 10:45	Teams 2 & 3: Case Presentations / Mandibular Devices – Hands – on training, monitoring
11:15 – 13:00	Poster Presentations
13:00 – 14:00	Lunch Break and Team 3: End
14:00 – 18:00	Team 1: Case Presentations / Poster Presentations
14:00 – 18:00	Team 2: Hands – On – Training in the Dissection Room Tonsillectomy/Tongue base surgery/Hypoglossal implantation/Palatal Surgery
